1 360°LifeViewSM Underwriting

With 360°LifeViewSM we use a clear, consistent underwriting methodology that focuses on the most meaningful risk factors to give you:

- More personalized evaluations
- More competitive offers
- More consistent decisions
- Quicker turnaround
- Fewer requirements

Clear, Consistent Communication

Our goal is to provide better customer service and ensure a higher placement ratio through focused communication that helps you understand our competitive position. Our strategy to improve the information you receive at every step of the application process is unfolding rapidly.

Universal Life Insurance High-Touch Underwriting

It's not all about the labs or medical records. The day the case is submitted, you will be contacted by a dedicated underwriter for a better exchange of information with a goal of matching the offer needed to place the case.

Top 10 Sweet Spots

Medical Risks

With 360°LifeView Underwriting, we have redefined “healthy.” You may get your clients preferred rate classes for a variety of common medical conditions if there are no adverse features and they meet the following descriptions:

1. **Build** Ages 0-64 with Body Mass Index (BMI) less than or equal to 30, and ages 65+ with BMI less than or equal to 33
2. **Total Cholesterol** Treated or untreated total cholesterol between 150-300
3. **Blood Pressure** Treated or untreated
4. **Depression and Anxiety** Mild cases with documented stability; a telephone interview will be used to reduce the number of APSs
5. **Sleep Apnea** Milder or treated disease that has resolved or stabilized
6. **Arthritis** Osteoarthritis or mild inflammatory arthritis controlled for 5 years or longer
7. **Asthma** Mild, stable asthma controlled with inhaled medications for 5 years or longer
8. **Ulcerative Colitis** Mild local disease well-followed and stable for 3 years or longer

Non-Medical Risks

9. **Aviation** Preferred No Nicotine Use is available for private pilots pleasure flying only; Instrument Flight Rating licensed, 26-150 hours per year
10. **Recreational Scuba Diving** Preferred Best No Nicotine Use (without a flat extra) available

360°LifeView Credit Program

We automatically evaluate all cases to see if they are eligible for the 360°LifeView Credit Program.

- Individuals with well-controlled asthma, high blood pressure, sleep apnea, anxiety or depression may receive preferred rates.
- For cases that are Standard or better, this can result in an applicant achieving an improvement of one rate class if they meet certain requirements.

Age and Amount Guidelines

The listing on the next page outlines the required tests our underwriters will need based on your client's age and requested coverage amount. It is important to get your client's age and coverage amounts as soon as possible.

For all ages, underwriters will determine whether the medical information received is sufficient to make an informed decision, and they may require additional medical information on a case-by-case basis.

Definitions	APS:	Attending Physician's Statement	HOS:	Home Office Specimen
	DBS:	Dried Blood Spot	SMAC:	Blood Profile
	EKG:	Electrocardiogram	IR:	Inspection Report

¹ For ages 70 and over, a supplemental examiner's report from approved vendors will be required during the paramed or MD exam.

² For ages 65 and over, the APS must include evidence that the proposed insured visited his/her personal care physician in the 18 months immediately before the date of the application Part I or II, whichever is later.

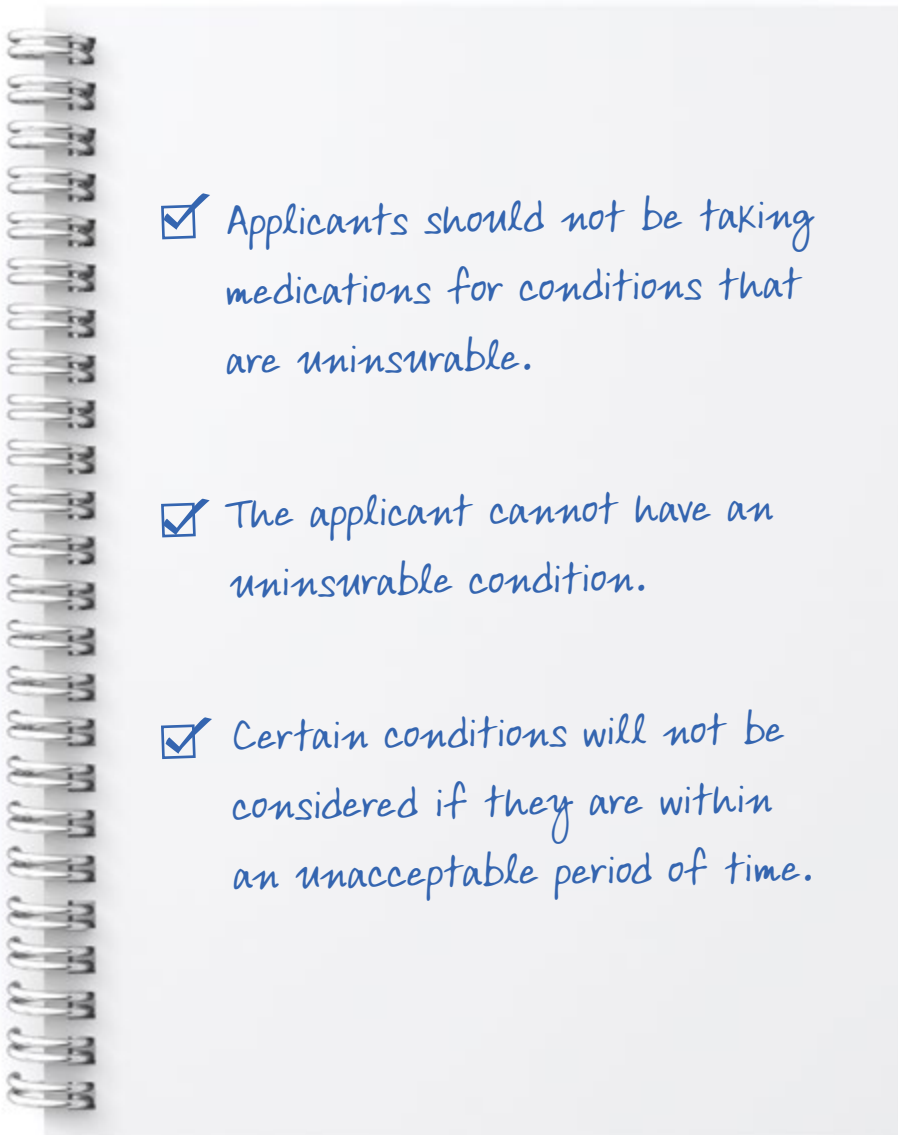

³ For persons with known coronary artery disease, a treadmill stress test is NOT required. For these persons, requirements include a resting EKG, all other age and amount requirements, and an APS that includes full cardiac records.

2 360°LifeView Checklist

Your importance to the underwriting process cannot be overstated. Helping to identify acceptable risks and qualified applicants will greatly enhance the speed and quality of your clients' underwriting experience. A fully completed, accurate application helps keep the underwriting process as short as possible.

Before quoting an applicant, conduct a 360°LifeView Underwriting Check. This check leads you through a pre-qualifying process so you can be reasonably sure your client is insurable.

Here's what to look for:

Red Flag Medications

The following medications denote a significant underlying disease. It is highly unlikely that we can offer insurance if your client is taking any of the following medications:

Brand Name	Generic Name
Antabuse®	disulfiram
Aranesp®	darbepoetin alfa
Aricept®	donepezil hcl
Campral®	acamprosate calcium
Cognex®	tacrine
Depade®	naltrexone
Epogen®	epoetin alfa
Exelon®	rivastigmine
Flolan®	epoprostenol sodium
Namenda®	memantine
Procrit®	epoetin alfa
Razadyne®	galantamine hydrobromide
Remodulin®	treprostinil sodium
ReVia®	naltrexone
Suboxone®	buprenorphine/naloxone
Tracleer®	bosentan
Ventavis®	iloprost
Vivitrol®	naltrexone

Uninsurable Conditions

Applications for clients with any of the following impairments should not be written.

Issue	Timeline
Abdominal aortic aneurysm corrected surgically	Within past 6 months
Alcoholism treatment (detoxification and/or inpatient alcohol program)	Within past 2 years or history of treatment and currently using or used within last year
Alzheimer's disease/dementia	At any time
Bankruptcy (personal), Chapter 7 and 11	Not discharged or discharged < 1 year ago
Cancer treated with chemotherapy or radiation therapy	Currently
Cirrhosis of the liver	At any time
Illegal drug use (other than marijuana)	Within 3 years
DUI/DWI (more than one)	Within 5 years
Gastric/intestinal bypass	Within 1 year
Heart attack	Within 6 months
Heart bypass surgery (CABG)	Within 3 months
HIV positive	At any time
Kidney failure/disease, on dialysis	Currently
Lung disorder, on oxygen	Currently
Mental disorder requiring hospitalization	Within 1 year
Organ transplant pending or received	Within 1 year
Probation/parole	Currently serving or ended < 1 year ago
Pregnant with complications (i.e., toxemia, eclampsia, pre-eclampsia)	Currently
Suicide attempt	Within 2 years
Stroke (CVA)	Within 1 year
Valve replacement	Within 1 year

This list is not all inclusive, as other medical conditions and timelines could result in an additional underwriting charge or decline of coverage. If your client has a medical condition not listed here, please refer to the Impairment Guide section for further information.

3 Selecting the Underwriting Category

Underwriting Class Criteria: Ages 0-64

All applicants must meet specific criteria to qualify for these underwriting classes. Meeting these criteria is not a guarantee that an applicant will qualify for a specific class.

The only Nicotine Use classes available are Preferred and Standard.

Personal History	No diseases, disorders or activities that would result in substandard mortality				

Impairment Guide

You can give your clients a more accurate quote if you preview the possible underwriting class(es) that may be available to them, as well as alert them to additional information that may be needed if a listed impairment applies to them.

Key points to keep in mind:

The severity of medical conditions varies among individuals, and individuals may have multiple impairments.

Underwriters will review the functional state of applicants age 65 or older. This includes their cognition, mobility and exercise capacity, weight change and nutritional status, social connectivity and level of independent living.

If medical testing has been advised but not yet completed, the case will be declined.

Underwriters' offers depend on the merits of each case.

MEDICAL RISKS

Health Situation/ Medical History	APS Requirement (not required if probable decline)	Information Needed to Evaluate Underwriting	Possible Underwriting Decision	
			Best Class Available for Non-nicotine Users*	Decline Probable
Alcohol Abuse History and Treatment	Treatment APS required when: Treatment completed > 2 years to 5 years ago	MVR** Alcohol use supplement	Individual consideration Preferred may be available if recovered for more than 10 years	Alcoholism treated within 2 years OR Past history of treatment for alcoholism and used alcohol within 2 years OR Currently taking Antabuse® or other anti-drinking medication
Alzheimer's Disease				Decline
Aneurysm, Aortic	Required for all cases		Depends on extent of disease and recovery Individual consideration	Surgical correction of abdominal aortic aneurysm within 6 months
Angina*	Refer to Heart Disease			

*Current nicotine use may result in increased cost or decline.

MEDICAL RISKS

Health Situation/ Medical History	APS Requirement (not required if probable decline)	Information Needed to Evaluate Underwriting	Possible Underwriting Decision	
			Best Class Available for Non-nicotine Users*	Decline Probable
Hepatitis A, B and C	Required if Hepatitis C	Hepatitis screening tests will be included in the insurance lab tests for all those with a history of Hepatitis	Preferred may be available if fully recovered from Hepatitis A or B If fully recovered from Hepatitis C, Standard is best available	Depends on severity
Hypertension/ High Blood Pressure	Not required or required at underwriting discretion only: Non-nicotine users ages < 56, face amounts < \$1,000,001 Required for all other		Rate classes vary by blood pressure levels See: For ages 0-64, page 10 For ages 65+, page 12	Uncontrolled blood pressure Associated with serious cardiovascular disease High blood pressure and currently pregnant
HIV (Human Immunodeficiency Virus)				Decline
Kidney Disease/Disorder	Not required if: Kidney stone Kidney infection Required for all others		Preferred may be available for kidney stones, infections and simple cysts	Kidney failure On dialysis Kidney transplant pending or received within 1 year Polycystic disease
Lupus (SLE)	Required for all cases	Type of lupus (discoid or systemic) Organs involved Treatment	Standard may be available for mildest cases	Depends on severity Systemic lupus with multiple organs involved

*Current nicotine use may result in increased cost or decline.

Impairment Guide

MEDICAL RISKS

Health Situation/ Medical History	APS Requirement (not required if probable decline)	Information Needed to Evaluate Underwriting	Possible Underwriting Decision	
			Best Class Available for Non-nicotine Users*	Decline Probable
Mental Illness	Required if: Suicide attempt more than 2 years ago Currently seeing a psychiatrist/psychologist Bipolar/manic depression Schizophrenia	Date of diagnosis Treatment Response to treatment Recurrence Current status Stability/control	Varies by cause and severity	Hospitalized for psychiatric reason within 1 year Suicide attempt within 2 years
Multiple Sclerosis (MS)	Required for all cases	Age at diagnosis Course of disease Response to treatment	Standard may be available for very stable, long-term disease	Depends on severity Rapidly progressive disease
Muscular Dystrophy	Required for all cases		Varies by condition and severity	
Neurological Disorders	Required for all cases		Varies by condition and severity	
Organ Transplant	Required for all cases		Kidney transplant recipients are rated at very high substandard rates Most other organ transplant recipients are uninsurable	On a transplant list or awaiting a transplant Received a transplant within 1 year
Pancreatitis	Required if: Had active pancreatitis 6 months to 5 years before application		Varies by underlying cause, severity, recurrence pattern and recovery Standard may be available	Active pancreatitis within 6 months Associated with alcohol or substance abuse
Paralysis	Not required if: Bell's Palsy Required for all others	Cause of paralysis (disease or injury) Degree of injury and recovery Functional impairment Impairment of organs	Preferred may be available for Bell's Palsy, if fully recovered Others are rated according to severity with mild to high substandard rates	Paraplegia diagnosed within 6 months Quadriplegia

*Current nicotine use may result in increased cost or decline.

Impairment Guide

MEDICAL RISKS

Health Situation/ Medical History	APS Requirement (not required if probable decline)	Information Needed to Evaluate Underwriting	Possible Underwriting Decision	
			Best Class Available for Non-nicotine Users*	Decline Probable
Parkinson's Disease	Required for all cases	Age at diagnosis Progression of disease Severity of disease Presence of dementia	Varies by age and severity Standard rates may be available for mild disease with onset at age 59 and older	Depends on severity Rapidly progressive disease Dementia is present
Peripheral Vascular Disease*	Not required if: Varicose veins Required for all others	Degree of involvement Treatment Response to treatment Presence of risk factors and other conditions	Varies by severity and associated vascular conditions	
Pituitary Disorder	Required for all cases		Varies by condition and severity	
Pregnancy	Not required if: Normal pregnancy			Any complication of pregnancy (e.g., gestational diabetes, toxemia, eclampsia, pre-eclampsia)
Prostate Disorder	Required if: Prostate cancer PIN (prostate intraepithelial neoplasia) Prostate biopsy within 2 years	PSA test records All pathology and treatment records PSA testing will also be conducted during underwriting	Standard is best available for prostate cancer and PIN Preferred may be available for others	
Rheumatoid Arthritis (RA)	Not required if: Only has osteoarthritis Arthritis is treated with NSAIDS (non-steroidal anti-inflammatories) only Required for all others	Number of joints affected Severity Treatment Response to treatment Organs involved	Standard may be available	Depends on severity Extensive organ involvement (e.g., lungs, heart and joints) Severe disabling disease

*Current nicotine use may result in increased cost or decline.

Impairment Guide

MEDICAL RISKS

Health Situation/ Medical History	APS Requirement (not required if probable decline)	Information Needed to Evaluate Underwriting	Possible Underwriting Decision	
			Best Class Available for Non-nicotine Users*	Decline Probable
Seizures/ Convulsions/ Epilepsy	Refer to Epilepsy/ Seizures			
Shortness of Breath*	May be required based on cause		Rated for cause	
Skin Disorder	Required if: Melanoma Psoriasis with Arthritis (Psoriatic Arthritis) Squamous Cell Carcinoma		Rated for cause	
Sleep Apnea*	Required from: Diagnosing physician and/or treatment center if within 1 year All others at underwriting discretion	Sleep studies before and after treatment Treatment type Response to treatment Order Motor Vehicle Report	Preferred may be available for well-controlled, mild cases	Uncontrolled, severe cases Multiple motor vehicle accidents Suspended driver's license due to sleep apnea
Stroke* CVA (Cerebral Vascular Accident) CVD (Cerebral Vascular Disease) TIA (Transient Ischemic Attack or mini-stroke)	Required for all cases	Age at diagnosis Severity of stroke Residual impairment Risk factor control Co-existing diseases Recurrent episodes	Standard may be available if fully recovered or if TIA	Depending on cause, severity and recovery CVA within 1 year TIA, brain aneurysm or A-V malformation within 6 months
Sugar, Protein or Blood in Urine	May be required based on cause			Underwrite for cause
Suicide Attempt	Required if suicide attempt occurred more than 2 years ago		Rate for underlying cause, severity and response to treatment	Suicide attempt within 2 years

*Current nicotine use may result in increased cost or decline.

Impairment Guide

MEDICAL RISKS

Health Situation/ Medical History	APS Requirement (not required if probable decline)	Information Needed to Evaluate Underwriting	Possible Underwriting Decision	
			Best Class Available for Non-nicotine Users*	Decline Probable
Thyroid Disorder	Required for thyroid cancer			
Tuberculosis (TB)	Required if: Treatment completed within 1 year TB not confined to lungs		Standard available for fully recovered cases	Currently being treated for TB
Tumor, Mass, Lump	Not required for: Basal cell carcinoma Required for: All brain tumors/cancers All cancers/malignant tumors	Diagnosis of condition Pathology reports of all biopsies Results of all tests Diagnoses	Rated for cause	Treated with chemotherapy or radiation within 1 year
Ulcer/Gastritis	Required for: Bleeding ulcer within 1 year Barrett's Esophagus	Diagnosis of condition Pathology reports of all biopsies Results of all tests	Rate for cause and severity	If associated with alcohol abuse

*Current nicotine use may result in increased cost or decline.

Impairment Guide

NON-MEDICAL RISKS

Risk	Questionnaire	Possible Underwriting Decision	
		Best Class Available for Non-nicotine Users*	Decline Probable
Aviation (Private piloting)	Aviation supplement	Flat extras apply for: Student pilots Private pilots with less than 26 hours flying time per year Any piloting for business purposes Any piloting 26-150 hours per year without an Instrument Flight Rating (IFR) All piloting over 150 hours per year (even with IFR)	Aviation Exclusion Rider (AER) for: History of alcohol/substance abuse or treatment History of driving under the influence or while intoxicated (DUI or DWI) Bipolar disorder, major depression, psychosis Coronary artery disease (CAD), heart attack, pacemaker, valve replacement, history of angina or arrhythmia Insulin-dependent diabetes Epilepsy/seizure disorder Untreated sleep apnea Stroke/transient ischemic attack (TIA) Age 71+
Bankruptcy			Any bankruptcy that has not yet been discharged for > 1 year or payment plan confirmed
Criminal Activity			If committed a major felony or more than 1 felony; if currently on parole or probation, or if less than or equal to 1 year since discharge
Driving History (Information also applies to nicotine users)		No DUI/DWI reckless driving, revoked or suspended license in the past: 5 years, Preferred Best, Preferred 3 years, Select 2 years, Standard	More than 1 DUI/DWI in the past 5 years

*Current nicotine use may result in increased cost or decline.

Impairment Guide

NON-MEDICAL RISKS

Risk	Questionnaire	Possible Underwriting Decision	
		Best Class Available for Non-nicotine Users*	Decline Probable
Hazardous Occupation or Avocation	Supplements are needed for: Climbing Underwater diving Sky sports (e.g., skydiving, hang gliding, ultra-light, hot air ballooning) Motor sports	Coverage available, but flat extra premium may be required Scuba: Preferred Best may be available if recreational diving in less than 100 feet	
Resident Alien	Resident alien supplement		
Travel, Foreign	Foreign travel/residence supplement	No rating for past travel No rating for travel of < 4 consecutive weeks Special state guidelines may apply Application, requirements and delivery must be completed in the U.S.	

*Current nicotine use may result in increased cost or decline.

4 Financial Underwriting Guidelines

Financial underwriting is a key part of the underwriting process. Underwriting will go faster and more smoothly if you submit the case with a fully completed application, explanatory cover letter and documentation supporting the amount of insurance applied for. A good cover letter could help the underwriter understand the case, including:

- Reason for the insurance
- How the amount applied for was determined
- Total amount of insurance on the insured’s life with all companies
- Pending applications
- Life insurance to be replaced
- Reason for unusual or complex ownership and beneficiary designations

Please include with your cover letter the illustrations or projections used to help make the sale and financial statements that help demonstrate the need for insurance.

Our underwriters follow these guidelines. The facts of each case will determine how much coverage we offer. You may use these guidelines to help your clients and to determine the information we need in order to evaluate the case.

PERSONAL

Purpose	Documentation	Coverage Amounts	
		Proposed Insured’s Age	Maximum Factor
Income Replacement	Gross annual earned income		
	How the insurance need was determined		
	You may be required to submit any or all of the following:	21-40	30 x income
	Reason(s) for the amount of coverage requested	41-50	20 x income
	Financial Supplement	51-60	15 x income
	Financial Needs Analysis	61-69	10 x income
W-2 or Tax Returns	70 and over	Individual Consideration	
Spouse with No Earned Income	The income-earning spouse’s gross annual earned income	Age 70 and below: Up to 100% of the income-earning spouse’s coverage to a maximum of \$3 million Individual consideration if over \$3 million	
	The total amount of personal insurance in force and pending on both spouses	Age 71 and above: Coverage will be considered on an individual basis	
	You may be required to submit a financial needs analysis		

Financial Underwriting Guidelines

PERSONAL

Purpose	Documentation	Coverage Amounts
Spouse with Smaller Earned Income	Gross annual income for each spouse The total amount of personal coverage in force and pending on both spouses You may be required to submit a financial needs analysis	Age 70 and below: The greater of the amount the smaller income-earning spouse would qualify for under income replacement guidelines, or 100% of the higher income-earning spouse's coverage to a maximum of \$3 million Individual consideration if over \$3 million Age 71 and above: Coverage will be considered on an individual basis
Juvenile (minimum age: 15 days; maximum age: 20 years; must be dependent if over 18)	All juveniles should be covered in equal amounts Amount of insurance in force on the parents (or legal guardians) and siblings Justification for the amount applied for if it exceeds coverage on either parent, legal guardian or siblings If owner is the juvenile's legal guardian, provide a copy of the guardianship papers If owner is someone other than a parent or legal guardian (e.g., grandparent), the parent or legal guardian with whom the juvenile resides must sign the application – Part I and any Part II non-medical application <i>New York law also requires the amount of coverage in force on the life of the policyowner, even if the policyowner is a trust</i>	Up to 50%* of amount of personal coverage on the highest insured parent or legal guardian, but not more than the amount of coverage on the least insured parent or legal guardian; individual consideration for applications over \$1 million *In New York, a minor, for these purposes, is one who is age 14-1/2 or younger; the maximum amount that can be issued is the greater of \$50,000 or 25% (if younger than age 4-1/2) or 50% (if age 4-1/2 or older) of amount of personal coverage on the person applying for coverage on the minor
Debt Repayment		Coverage is not separately underwritten for personal debt repayment purposes
Estate Conservation	Total personal assets and liabilities, as well as additional financial documentation as required by underwriting	Usually based on projected net worth x 55%; projected net worth based on current net worth grown at 6% annual rate, for lesser of 15 years or life expectancy Coverage in excess of guideline amounts on individual consideration basis

Financial Underwriting Guidelines

PERSONAL

Purpose	Documentation	Coverage Amounts
Charitable Giving	You may be asked to provide additional financial documentation such as the proposed insured's Schedule A and Form 8283 (non-cash gifts) attached to the 1040 return and/or receipts from a charity	The average of the last 3 years' history of charitable gifts x the lesser of 50 years or remaining life expectancy Coverage in excess of guideline amounts on individual consideration basis
Special Needs	<p>The amount of death benefit required to fund for special needs may vary substantially depending upon a number of factors, including the nature and severity of the condition affecting the person with special needs, current and projected future costs of care specific to their condition, as well as the financial abilities and planning goals of the care provider(s). In some cases, the projected death benefit needed to cover special needs will be within what we would allow for the proposed insured under existing income replacement and estate conservation guidelines.</p> <p>If the amount requested exceeds what we would otherwise allow by rolling up the special needs benefit allowance under other coverage purposes, the underwriter has individual discretion to offer additional coverage to the extent that the applicant can reasonably demonstrate need, and capped at the lesser of \$1 million or 20% of the total amount of coverage that the proposed insured would qualify for under all other personal insurance guidelines.</p> <p>We may require any information that the underwriter believes is necessary to demonstrate the need for the additional coverage amount, and to document the plan for using the death benefit to provide for the person with special needs.</p>	A person with special needs generally refers to someone with a mental, emotional or physical disability – or a high risk of developing one – and that disability impacts (or will impact) their ability to care for themselves physically and financially. The proposed insured would be someone with insurable interest, who provides personal care services and/or financial support for the person with special needs, and whose death will result in a financial hardship for that person with special needs in the absence of the life insurance death benefit applied for. The policyowner will typically be either the insured or a trust for the benefit of the person with special needs.

Financial Underwriting Guidelines

BUSINESS

Purpose	Documentation	Coverage Amounts
Debt Repayment	<p>Amount of debt and remaining term of loan</p> <p>You may be required to submit additional documentation, which could include a copy of the loan agreement and/or mortgage document or bank commitment letter</p> <p>Lines of Credit: bank or lending institution statement that documents the borrowing activity over the immediately preceding 2-year period</p> <p>Business financial statements</p>	<p>Debt repayment coverage can be considered in addition to Key Person coverage, but cannot exceed 100% of the debt and cannot exceed 50% of the amount allowed by key person multipliers</p> <p>Lines of Credit may be insured if they have been used during the 2 years immediately preceding the application date</p> <p>Owner: Business must own the policy</p> <p>Policy term cannot exceed remaining term of the loan by more than 10 years</p>
Key Person	<p>Owner and beneficiary must be the business</p> <p>Complete the Business portion of the Financial section of the application—Part I</p> <p>Provide current wage amounts, not projections</p>	<p>5-10 x annual wages (depending on involvement in the business operations and circumstances); higher amounts will be considered on an individual basis</p> <p>Up to 100% of non-wage benefits may be included, at the underwriter's discretion</p>
Buy-Sell Business Continuation Business Succession	<p>Complete the Business portion of the Financial section of the application—Part I</p> <p>Complete the Financial supplement for all buy-sell applications</p> <p>A copy of the buy-sell agreement will be required if the requested coverage is over \$5 million:</p> <p>If between \$3 million - \$5 million, in lieu of an actual agreement, we may allow written confirmation that a completed buy-sell agreement is in place and that the owner and beneficiary listed on the application are consistent with that agreement. This confirmation must be signed by the owner or their legal or tax counsel.</p> <p>If under \$3 million and over \$500,000, we may allow written confirmation to be met if the applicant's legal or tax counsel verifies in writing that the parties have an oral agreement and that a buy-sell agreement is being drafted, (Note that this lesser confirmation cannot be accepted if only attested to by the owner.)</p> <p>If \$500,000 or under, and all of the parties are either owners of the business or the business itself, and we have sufficient documentation to support the requested valuation, no verification of an agreement is required unless the underwriter determines that additional documentation is needed due to the circumstances of the case.</p>	<p>Owner and beneficiary must be the person or entity that will (or has the option to) buy the insured's interest in the business</p>

Temporary Insurance Application and Agreement (TIAA)

We offer a user-friendly approach to temporary insurance requests. Temporary insurance is designed to cover your client during the underwriting process. Coverage begins the moment your client signs the TIAA paperwork and submits the required premium, provided the Application - Part I is complete and submitted with the original signed TIAA, and all TIAA eligibility questions are correctly answered "no."

Here are a few important points to remember about temporary insurance:

- Lasts a maximum of 90 days.
- Ends 45 days after the start date if the required exams and tests are not completed and received by Genworth by that time.
- Ends the date the owner withdraws the application, refuses the policy or offer, or the date we mail notice that the case is declined.
- Coverage available under a TIAA is the lesser of the amount applied for and \$1 million minus the amount of any insurance on the proposed insured's life in force with Genworth under any policies, conditional receipts or other temporary insurance agreements.

The policy will have the same date as the TIAA unless backdating is requested, and premium/insurance charges will be required from that date forward.

Reinsurance Limits (Ages 18-75)

Retain	Table H (8) or better	\$5 million
Auto Bind and Retention Limits	Table H (8) or better	\$40 million
Jumbo Limits	All rate classes	\$65 million

Contact your underwriter for reinsurance information on other ages and rate classes.

This life insurance field underwriting guide provides important information regarding Genworth’s typical requirements for underwriting life insurance policies and the best classification, if any, usually available for applicants with certain medical conditions and physical and personal characteristics. Please note, Genworth reserves the right to request information that does not appear to be required in this guide. Similarly, underwriters will make an underwriting determination based on the entirety of the information provided to and received by Genworth, which may result in a determination that is more or less favorable than this guide would indicate. For additional information regarding Genworth’s underwriting procedures, please contact your Genworth representative.
